

ONLINE MEETINGS SERVICE

Increase Productivity

Conduct virtual sales presentations to anyone, anywhere, without the time-consuming travel.

Enhance Training Sessions

Real-time collaborative application sharing increases audience participation.

Save Money

Flat-rate pricing for unlimited meetings and minutes - and no more travel expenses.

Product Overview

eBLVD Online Meetings allow you to share desktop applications, display slides, and collaborate with your audience anywhere around the globe.

Sell more efficiently, generate more leads, and train more easily - while at the same time eliminating your unnecessary travel expenses.

Our Online Meetings service is the easiest and most cost-effective way to deliver e-presentations and interact with any number of remote participants.

KEY FEATURES

Application Sharing and Demos

Show your audience any application running on your desktop or pass control to a remote participant for true interaction.

Custom Co-branding

“Brand” your meetings and invitations with custom logos and colors.

Teleconferencing

Use our integrated teleconferencing to bridge the audio portion of your meeting over the telephone for no extra charge. Add on our toll-free service to make it even easier for your remote participants.

Flexible Meeting Scheduling

Easily schedule meetings - either singularly or recurring - and quickly distribute invitations to participants via our web-based interface.

Full Color

Rich, 24-bit true-color presentations to any size screen.

Meeting Tools

Distribute files to meeting participants, save presentations for later review, and send messages using text chat or VoIP.

Flat-Rate Pricing

Licensed from only \$29/month for unlimited use.

Firewall Friendly

The meeting participant applet works with hardware and software firewalls. No configuration is required.

Secure Access

All data is transferred using 128-bit Secure Sockets Layer (SSL) security.

Ease of Use

Online Meetings is a self-maintaining service, with no additional infrastructure or IT resources required. All software is deployed from within the web browser.

Founded in 2001, eBLVD is a privately held pioneer of web-based communication software and professional remote access tools. eBLVD stands behind each and every use of our product. If for any reason you are not satisfied, notify us within 24 hours and we will either make it right or refund the cost of your session.
